Stay healthy - The winter vomiting bug - or norovirus - is common in school children, and can spread very easily. If your child is suffering with vomiting and diarrhoea, they should not attend school. When recovering, your child can bring in some bland food and should ensure that they have a water bottle (this can be filled in school) in order to drink plenty of fluids throughout the day at school. The GP cannot prescribe anything for norovirus. Contact the school nursing team on 01202 691520 or NHS 111 if you are concerned about your child's condition or if symptoms persist for more than 3 days. Washing hands frequently will help to stop the bugs from spreading.

If your child has a minor cough or cold, they should be well enough to attend school. If your child has more severe symptoms, contact the school nursing team on 01202 691520 or NHS 111. By covering our mouths when sneezing or coughing, washing hands thoroughly and throwing away tissues, we can all help prevent the spread of coughs and colds.

Educational Trips 2019/2020 - Please remember to log in to your ParentPay account to view your outstanding balances for this year's educational visits. You can pay this amount in full or in instalments if you wish. If we do not receive sufficient funds for the trips, they may not be able to go ahead.

PE Kit – Your child's PE kit will be coming home with them for the Christmas holidays so they can be washed. Please remember to return the PE kit to school for the spring term when the children return on the 8th January. If your child does an after school club please provide them with separate sports clothes.
