

8th May 2020

Dear Parents / Carers,

I really hope that everyone is well and managing to stay optimistic in these most challenging times.

My heartfelt thanks to you all for the hard work that you are putting in with your children whilst we are under a period of enforced closure. I completely understand how hard it is for families at home at the moment to be balancing all of the usual pressures alongside the need for children to be engaged in their learning tasks at home. I'm sure that everyone has had to show plenty of patience and determination at the current time – thank you for all you are doing.

The staff at Bayside would like to celebrate some particular achievements from the children – please let them and all the other children know that we are proud of them for keeping going and keeping learning.
