Ambitions Academies Trust

Dear Parent / Carer

I very much hope you and your families have enjoyed some of the fabulous weather – whilst of course ensuring that you stick to the rules.

As we begin the final half term it is very sad that we will not all be involved in the joyous activities such as residentials, proms, school productions, graduations and end of year trips etc. Whilst we will have more pupils in our schools over the coming weeks – the activities and curriculums that can be planned for will in no way be a substitute for what we will now miss.

I just want to reassure you if you are a parent with a child that is nursery age or in year R,1,6,10,12 or have a child who attends one of our special schools, that the preparations for pupils to attend have been extensive and the risk assessments that have been put in place have followed every guideline issued to ensure that the risk of transmission in our schools is as low as it can be. I would like to pay tribute to the Principals and site staff for the extensive work that has gone in to put the plans for re-opening together – it has been a mammoth task to get everything in place.

What the Trust feels is that “we are all in this together” regards trying to provide the best support and learning opportunities , but I would like to take this moment to say a massive thank you and well done to parents and carers; whilst these past few months has been hard for all our young people it has certainly been tough for all of you that have had to spend your days planning and supporting learning in homes whilst juggling many other things.

All we can do now is keep supporting each other and to make sure if you need to - do reach out to us. If there is anything you need, we are always here for you.

It will help if the weather remains good, and the Trust truly hopes that everyone stays safe and that all of you remain fit and well over the coming months.

Best wishes

Yours sincerely

Sian Thomas
