

BAYSIDE
ACADEMY

17 November 2020

Dear parents/carers

A case of head lice has been confirmed in your child's year group.

The advice that we have been given is that you should wet comb your child's hair with a fine toothed comb as a precautionary measure every 3 days with spray conditioner. This is to ensure that eggs are removed successfully. Medicated lotions/sprays should only be used if live lice are found.

For further advice or guidance, please call the school nurse on 01202 691520 or go to the NHS link <https://www.nhs.uk/conditions/head-lice-and-nits/>.

Yours sincerely

Mr Vernon
