United Learning
The best in everyone™

3 November 2026

Dear Parents and Carers

Welcome to United Learning

I am very pleased to confirm that the legal transfer of your school into United Learning was completed on 1 November 2026.

You should not see any dramatic change in the experience that your child has at school. There are no changes to the leadership of schools or to the teachers teaching your child as a result of the transfer. However, over time, I hope you will see the benefits that being part of a national group brings to your school community.

Through our partnership working over recent months, we are pleased that many colleagues in your school have already begun to benefit from access to United Learning's curriculum and teaching resources, specialist Subject Advisors, central teams, and professional development. All of that is intended to make sure that the school and your child do well.

Our aim as a Group is to get behind staff in schools so that they are more and more successful in supporting children to thrive and achieve. With the transfer process now complete, staff will continue to have access to a greater range of support to enhance everything they offer to your child.

Your feedback and engagement are also, of course, vitally important. We know that you want your child to flourish, succeed, be happy and have a schooling which prepares them to have a full and successful life. We and the whole school team want the same and we know that your input and support are crucial components of the school's success.

Thank you therefore for your continued support of your child's education. May I wish you a successful remainder of the Autumn term.

Yours sincerely

Sir Jon Coles
